

PRODUCT AWARENESS BULLETIN

FROM ROSENBAUER

BULLETIN NUMBER: 1014

QUOTE WRITER NUMBER: RUNNING CHANGE

DATE: 5-12-09

THIS BULLETIN INCLUDES INFORMATION ABOUT A NEW OR EXISTING OPTION OR FEATURE THAT IS AVAILABLE FOR PRODUCTION.

DESCRIPTION: Running Change - Darley PSM Pumps

PLANT: Rosenbauer

SPECIFICATION: All Darley PSM pumps will be ordered with mechanical seals in place of the packing gland style that is currently supplied on our stock Darley PSM pumps. We currently have a few pumps in stock with packing gland style seals, this change will not be implemented until after those pumps have been applied to specific jobs.

Quote Writer will only have the mechanical seal available. If you have a customer that requires a packing gland seal, that will have to be sent in as a Special Option Request so that we can highlight the option to aid in ordering the pump.

All PSMs will be upgraded to the mechanical seal at no cost.

Old Seal
